Dr. Hartzeil defined the purpose of the HAS BEEN PROVED Assembly. He said there was an educational crisis in the nation. We must have more KIDNEY WE education and it must be of the right qual ity. This Assembly, he said, meant to nave a platform in America from which the unite educational forces of all sections and creeds might direct public sentiment in educations work from a Christian standpoint. O.her organizations studied methods of government Ladies. For complaints poor or questions of eract science. This Assem-bly proposed to formulate sentiments that would check the tendency to take Christ out of the schools.

LANGSTAFF & COMPANY. ROYSTER—On Friday, August 10, 1883, at 12-30 o'clock a.m., Otaver M., infant son of L. E. and Nannie E. Royster, aged six months. 302 Main St., Memphis, Opp. Peabody Hotel. Funeral will take place from 204 Monroe street Mardware Jobbers; Oliver's Chilled Plows, Hall's Sales, Scales, Straub Mills. GENTS:—About nine years ago I had a child two years old and almost dead. The doctor I had attending her could not tell what alled her. I asked him if he did not think it was worms. He said no. However, this did not satisfy me, as I felt convinced in my own mind that she had. I obtained a bottle of DR. C. McLANE'S CELLEBRATED VERMITTIGE (genuine). I gave her a teaspoonful in the morning and another at night, after which she passed seventy-two worms and was a well child. Since then I have never been without it in my family. The health of my children remained so good that I had neglected watching their acknoss until about three weeks ago, when two of them presented the same sickly appearance that Fanny did nine years ago. So I thought it must be worms, and went to work at once with a bottle of DR. C. McLANE'S VERMIFUGE between four of my children, their agos being as follows: Alice, 8 years; Charley, 4 years; Emma, 6 years; John, 9 years. Now comest the result: Alice and Emma came out all right, but Charley passed forty-five and Johnny about sixty worms. The result was so gratifying that I speat two days in showing the wonderful effect of your Vermifuga around Utica, and now have the worms of a schibition in my store. BARBED FENCE WIRE!
